

REALITY TOUR® DRUG PREVENTION PROGRAM

The *Reality Tour*® was developed as a response to the rising drug use among teens who mistakenly think THEY won't become addicted.

The *Reality Tour*® is a volunteer-driven substance abuse prevention program that is presented to parents and their children (ages 10-17) in a community setting over the course of an approximately 2-hour session.

The Mount Pleasant Area *Reality Tour*® will begin in October 2016 at the Rumbaugh Elementary School located on School Street in Mount Pleasant Township located right outside the Mount Pleasant Borough.

The *Reality Tour*® is hosted by Mount Pleasant Borough and sponsored by the Mount Pleasant Area Drug Awareness Committee. The *Reality Tour*® is made possible by many dedicated volunteers and local organizations including: Mount Pleasant Area School District, Mount Pleasant Township, Mount Pleasant Township Lions Club, Saint Vincent College Prevention Projects, Westmoreland Community Prevention, Boy Scouts and many others.

The *Reality Tour*® is a volunteer-driven substance abuse prevention program that is presented to parents and their children (ages 10-17) in a community setting over the course of an approximately 2-hour session. Advance registration is necessary, as space is limited. Parental consent is required.

Participants will follow the fate of a fictitious teen addicted to drugs. The *Tour* includes an Arrest and Prison Experience as well as dramatic Emergency Room Overdose scene and Funeral scene. A narrative by the "addict" precedes each scene and includes the constant reminder to the audience that, "I'm just like you."

The *Reality Tour*® also provides participants with the testimonies from individuals that have a history of addiction, and address by law enforcement personnel concerning current illegal drug trends and the opportunity to pose questions to these speakers.

Participants will leave the *Reality Tour*® with the knowledge of coping and refusal skills and a personal photograph that has been digitally altered to show how the child's appearance might change negatively from substance abuse.

Children attending the *Reality Tour*® will also be encouraged to sign a banner pledging to always be drug free.

DUE TO LIMITED SEATING REGISTRATION IS REQUIRED
